## II. REQUIRED TEXT

Blocher, Stout, Juras & Smith, Cost Management: A Strategic Emphasis, 8th Edition, MacGraw-Hill

Goldratt & Cox, The Goal: A Process of Ongoing Improvement, Third Edition, North River Press, Inc., 1984

## III. GENERAL PROCEDURES

- A. Class meetings are held Monday evenings from 6:00pm to 8:45pm.
- B.
- C. Please do not use electronic devices (e.g. laptops, cell phones) during class.
- D. Grade Determination

Your grade will be based on the following scale (note the +/- system will be used):

A	93	100
A-	90	92
B+	87	89
B	83	86
B-	80	82
C+	77	79
C	73	76
C-	70	72
D+	67	69
D	63	66
D-	60	62
F	0	59

Your results on tests, homework assignments, in class problems and a writing report will determine your grade. The weights will be as follows:

Exam 1	25%
Exam 2	25%
Exam 3	20%
Writing Project	10%
Problems & Homework	20%

Exams are closed everything. You will need a writing instrument and may use a calculator. You will write on the exam that you turn in. No other electronic devices are allowed during an exam. If you have one out, you may be given a zero for that exam.

No makeup's will be given. If you are not available to take an exam on the planned date, you must make plans with the instructor to take the exam prior to the planned date.

Exams will not be returned. If you would like to go over your exam, come to office hours to review.

Do not use cellphones during class. Cellphones should not be seen during an exam. If you display a cellphone during an exam, you will earn a zero.

Homework must be turned in at the beginning of class in order to receive credit. **Homework turned in after the beginning of class is considered to be received late and will not earn any credit.** Homework will be assigned at least one class prior to its due date. It is your responsibility to know what the homework is.

Classroom problems should be worked on in groups. There are no makeups for classroom problems.

The writing project will be a 2 to 3 page typed paper using the novel "The Goal" as a reference. After reading the book, you will apply the concepts to another situation. You will come up with the situation. In the paper, you will define the original context, explain how you will apply the theory of constraints, and finally discuss the results of the application.

The computer project is a master budget. You will prepare it using Microsoft Excel. You may work on it and turn it in as a group with no more than four people per group.

Make sure to include your name on all assignments in order to receive proper credit.

#### E. Class Procedure

The general approach of this course is lecture, problem-solving, and discussion of matters relevant to the topic. The lectures will emphasize applications of the concepts using examples. Although each topic will be introduced in class, the lectures are not meant to be a substitute of reading the text. Students who read the material ahead of attending class will benefit most from the class presentations. Lectures will be presented based on the assumption that attendance is necessary for success in college study and is important as a means for acquiring skills and clarification with respect to financial accounting topics. Assignment changes and announcements may be made in class. Students are responsible for these, irrespective of attendance or nonattendance at the time of the announcement.

#### F. Academic Dishonesty

This class will adhere strictly to the schools policy on academic dishonesty.

#### G. Disabilities

This school and the instructor are committed to equal educational opportunities for qualified students with disabilities in compliance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990. The school provides accommodations to assist students with disabilities to realize their academic and personal potential. Students with physical, learning, or other disabilities are encouraged to contact the Disability Accommodation Services office at 805:437-8510 for personal assistance and accommodations.

#### H. Subject to Change

Information contained in this syllabus, other than that mandated by the University, may be subject to change with advance notice, as deemed appropriate by the instructor.

#### I. Class Preparation

You are expected to come to class prepared. The section below indicates the subject matter we will discuss and problems we will solve in class. Read the appropriate chapters prior to the lecture and try to solve the problems prior to class. In addition to the problems given below, you will be assigned homework which will be reviewed in class after turning it in.

#### J. Electronic Devices

Cell phones are not to be used during class time in the classroom. Each use of cell phone during class time will result in a drop of one grade in your final grade for the class. If you have an emergency, leave the classroom. Cell phones are not allowed during exams. If you found having a cell phone out during an exam, you will receive a -0- score for the exam.
