OTHER POLICIES

Classroom behavior

The classroom is a special environment in which students and faculty come together to promote learning and growth. It is essential to this learning environment that respect for the rights of others seeking to learn, respect for the professionalism of the instructor, and the general goals of academic freedom are maintained. Differences of viewpoint or concerns should be expressed in terms which are supportive of the learning process, creating an environment in which students and faculty may learn to reason with clarity and compassion, to share of themselves without losing their identities, and to develop an understanding of the community in which they live. Student conduct which disrupts the learning process shall not be tolerated and may lead to disciplinary action and/or removal from class. Also, unless there is an emergency, students should use the restroom before class or during the break and switch off the cell phones.

Academic dishonesty

Academic dishonesty includes such things as cheating, inventing false information or citations, plagiarism and helping someone else commit an act of academic dishonesty. It usually involves an attempt by a student to show possession of a level of knowledge or skills that he/she does not possess. Any assignment or exam will receive an automatic grade of "F" if academic dishonesty is involved. A second incidence of academic dishonesty in a course may be cause for a grade of "F" to be awarded as the final course grade.

Withdrawing from the course

It is the student's responsibility to officially withdraw from the course. Complete withdrawal without instructor's approval: by the end of third week of classes. No drops permitted after the third week of classes. Withdrawal will only be allowed for serious and compelling reasons only: by the end of week 10 (instructor and chair approval required; documentation required; students will receive a W).

Students with disabilities

CSUCI encourages persons with disabilities to participate in its program and activities. Students with disabilities needing accommodation should make requests to the Disability Resource Programs, at the Educational Access Center, Bell Tower Room 1541 (805-437-8529, accommodations@csuci.edu).
