We think, mistakenly, that success is the result of the amount of time we put in at work instead of the quality of time we put in. ~ Ariana Huffington

Planning, Writing, *and* Revising

Review the "[Revising Written Work](#)" Module for details.

The writing you do in this course is sequential and necessary for you to understand how good business writing is developed. Planning, writing, and revising your work are part of the sequence. You'll want my feedback and your peers' insights to guide your revisions. Therefore, you must complete and submit your assignments on time to pass the course.

Your peers and I will give you feedback on your initial drafts to help you develop your writing. When you receive our feedback, incorporate it into your final draft. No additional points will be given if revisions are not incorporated.

Please submit your work in the relevant assignment folder or discussion post in Canvas before *or on the due date*. All work is due before midnight. Save your work on a flash drive, in Google Docs, or attach it to an email to yourself.

Contract Grading

Business 310 will be assessed using a **contract grading system** (described in the Welcome Module). You will choose the grade you want to receive by reviewing the [Labor Assessment ChecklistLinks to an external site.](#), reviewing the [Contract Details](#), signing the contract, providing status updates, and soliciting guidance from your peers and me. You'll also submit a [Grade Defense letter](#) to me at the close of the semester.

Due to university requirements, **your final grade in the class will be posted as a traditional letter grade**. However, **assignments will be assessed using the "Credit / No Credit" (CR/NC) system**. This represents a significant shift from traditional point-based grading methods that you may be familiar with. If you are uncomfortable with the CR/NC system, this class may not suit you well. That said, consider that this approach offers numerous benefits, fostering an environment that prioritizes learning, growth, and engagement over arbitrary numerical scores. Please review the Credit / No Credit System page in the Welcome Module.

Grade Definition Policy

- Grade Definition Policy - [Senate Policy 12-007](#) clarifies each letter grade's level of performance, and all MVS School faculty are encouraged to ensure awarded grades match a student's given level of performance. Although you will determine your grade, I reserve the right to assess your work using the +/- system and the following CSUCI'S grading criteria:
 - "A": Student performance is outstanding and indicates an **exceptional degree of academic achievement** in meeting learning outcomes and course requirements.
 - "B": Student performance is at a high level and indicates **solid academic achievement** in meeting learning outcomes and course requirements.

- "C": Student performance is adequate and indicates **satisfactory academic achievement** in meeting learning outcomes and course requirements.
- "D": Student performance is **less than adequate** and indicates deficiencies in meeting the learning outcomes and/or course requirements.
- "F": Student performance is **unacceptable** and indicates a failure to meet the learning outcomes and/or course requirements.

"Inaction breeds doubt and fear. Action breeds confidence and courage.

If you want to conquer fear, do not sit home and think about it. Go out and get busy." ~

Plagiarism: Don't do it. Plagiarism results in failing assignments and potentially the course. If you are wondering about a paper or have questions regarding citations and summary, please see me for guidance. I'm happy to help!

Use of AI Tools

I'm committed to promoting the development of 21st-century information literacy skills for learning, so I encourage the effective and responsible use of AI tools such as ChatGPT, Bing Chat, Bard, and Grammarly, among others, to assist with your coursework.

However, it is vital for you to understand that these tools are to be applied to **augment** your own intellectual work, **not replace it**. Any verbatim copying and pasting of these tools' output and presenting it as your original work is considered plagiarism and violates the [CSUCI Academic \(Dis\)honesty Policy](#). **Any assignments submitted without attributing outside sources will be automatically failed without redress.**

Expectations

- Workload Expectations - Students should expect to spend 10 - 14 hours per week studying material, taking quizzes, drafting assignments, and providing peer feedback.
- Deliverables - This is an **advanced college-level course** that is focused on training you for professional life. Therefore, I will focus on helping you develop critical thinking and specific business-related skills. I will not focus on correcting grammar and spelling issues. **I expect you to craft polished, error-free, formal business documents in the correct formats.** Instructions on formatting (memo, letter, report) are given in the modules and specified in assignments. **I expect all work, including Discussion Posts, to reflect advanced college-level writing skills and formatting.** You will use APA format for the research report.
- See the following modules for support:
 - [Revising Written Work](#)
 - [WRITING TUTOR SUPPORT | WRITING & MULTILITERACY CENTER](#)
 - [LOOK HERE FOR MORE WRITING SUPPORT!](#) (You'll find APA formatting guides here)

The "Big Three"

1. **FORMAT YOUR WORK. IT'S GOOD PRACTICE.** Use bullet points, bolded text, titles, and paragraph breaks. This includes Discussion Posts and Assignments.
2. **CHECK FOR GRAMMAR AND SPELLING ERRORS.** I will not accept or give feedback on submissions with more than three spelling and grammar errors. You will have to revise and resubmit your work to redeem your points. A late penalty will apply. See a WMC tutor to review your work.
3. **LATE WORK.** Due to the design of this course (peer feedback and fast pace), I will not give feedback on late work and 20% of overall points will be deducted.

I'm Afraid of Failure!

Yes! You, me, and everyone else fear failure. I've failed so many times, it hurts to remember. You will see my errors on these pages, my weaknesses as a teacher, and my fallibility as a human. But I will show up and participate with you every day of the week! And I will learn lots of things from you. Failure is one of the most important ways we learn.

So, your participation is required so you can fail and learn some things. And so you can triumph and learn how awesome you can be. Please check in frequently during the week to engage in discussions, read the material, and participate in the quizzes and assignments to test and practice your learning.

Your success depends on consistent interaction with the course. Gaining skills through practice is the goal.

Are you a [perfectionist procrastinator](#) who freezes up at the site of new tasks? You'll learn more from your mistakes than from not getting started. Don't let performance anxiety prevent you from getting started. Are you a who waits until the last minute? You may work well under pressure. Go ahead and put off the work but at least read assignments ahead to plan how much time you'll need for your cram session.
